

# **Expression of Interest (Eoi)**

## **For Empanelment of Vendors for Energy Efficiency and Rooftop Solar Interventions in Primary Health Centres (PHCs)**

**Location:** Prakasam District, Andhra Pradesh

**Date of Release:** 06-Jun-2025

### **1. Background**

Technology Informatics Design Endeavour (TIDE), a not-for-profit organization working on sustainable development, is implementing the “Solarizing PHC” Project. The objective is to improve energy access and reliability in rural healthcare by introducing energy-efficient interventions and rooftop solar systems in selected government Primary Health Centres (PHCs).

### **2. Scope of Work**

TIDE invites Expression of Interest (Eoi) from eligible vendors/agencies for the following interventions in 20 PHCs in Prakasam District, Andhra Pradesh:

#### **a) Energy Efficiency Interventions:**

- Supply and installation of BLDC fans, LED lighting, and other energy-efficient electrical components.

#### **b) Rooftop Solar PV Systems:**

- Design, supply, installation, and commissioning of on-grid rooftop solar systems (3–5 kW), including net metering integration where applicable.

### **3. Timeline for Completion**

All interventions across the 20 PHCs must be completed within 45 days from the date of award of contract.

Hence, agencies must have multiple implementation teams capable of working in parallel across different PHC locations.

### **4. Eligibility Criteria**

The applicant agency must:

- Be a registered legal entity in India (Company, Partnership, LLP, Proprietorship, NGO).
- Have a minimum of **3 years of experience** in solar energy and/or energy efficiency projects.
- Have executed **at least 2 similar projects** in the past 3 years (preferably in public sector or healthcare settings).

- Possess required technical certifications: MNRE empanelment, ISO, BIS, or equivalent (as applicable).
- Be compliant with applicable laws and taxation norms (GST, PAN, etc.).
- **Have adequate manpower and resources to deploy at least 3–5 teams simultaneously** across multiple locations.
