

Technology Informatics Design Endeavour (TIDE)

Expression of Interest (EOI)

Request for: Construction of foundation for prefabricated Toilets in 13 Government Schools in Kolar cluster, Kolar Region.

Year: 2025

Organization: Technology Informatics and Design Endeavour (TIDE)

1. Background:

Technology Informatics Design Endeavour (TIDE) is a 30-year-old Bengaluru based NGO providing technology solutions for societal needs. TIDE is an award-winning NGO, and its work encompasses biomass-based cooking / industry solutions, energy efficiency / conservation, climate education, WASH and waste management, technology-based skilling & rural livelihood augmentation, and rural women leadership. TIDE complies with all legal and statutory requirements diligently. TIDE is a registered society and has valid FCRA, CSR certification, 12A, 80G, PAN. All audit and annual reports are available on the website. The work culture at TIDE is professional, caring and gender neutral. We strive to offer exciting career growth opportunities for deserving candidates.

Access to safe and inclusive sanitation remains a critical need in many rural government schools across Karnataka. Inadequate toilet facilities directly affect student health, attendance, and dignity, especially for girls. This project aims to bridge that gap by constructing child-friendly, gender-sensitive toilets and handwashing stations. The intervention is expected to improve hygiene practices, reduce absenteeism, and create a healthier school environment for sustained learning outcomes.

Title	"Construction of foundation for prefabricated toilets in schools in Kolar Cluster".
Location	Kolar, Karnataka
Nature of Assignment	The project involves the Construction of a foundation for prefabricated toilets in 13 Government schools in Kolar Cluster. The scope of work includes the procurement of materials and labor and undertaking civil construction.
Contract period	The contract period will be for the duration of 30 Days

2. Objectives

To complete the construction of foundations for toilet blocks in 13 government schools, adhering to best quality, ensuring readiness for installation of superstructure by ensuring timely completion of work, proper documentation.

3. Scope of Work

- Carry out site preparation activities, including clearing, levelling, and layout marking as per approved plans.
- Excavation for foundation, biodigesters and soak pit as per the specifications provided in drawings.
- Laying of 90mm thick PCC for both foundation and Biodigesters.

5. Deliverables

Completion of foundation works - including site clearance, excavation, Brickwork footing, and plinth level- for toilet infrastructure in 13 government schools in Kolar district.

6. Duration of the assignment

The project shall be executed within 30 days of the contract's award, shall be delivered by the **1st week of August**.

Activity	July 1 st week	July 2 nd week	July 3 rd week	July 4 th week	August 1 st week
Award of contract					
Site preparation & Earthwork					
Construction of Foundation					
Installation of Biodigester along with a soak pit					
Plumbing and final connections					
Handover for superstructure					

7. Payment Terms

The payment shall be made:

1. Once the construction work is completed and handed over as per the agreed design and estimates.
2. Based on the actual quantity of work done, subject to the engineer's verification and certification.
3. Along with the invoice, the final BOQ of work that has been completed is to be submitted for payment.
4. Payment against any running bill shall be made after discussion with the contractor, with the terms and conditions agreed upon mutually.
5. The percentage of retention amount shall be discussed before awarding the contract.
6. Payment timeline shall be discussed with the winning bidder and shall be mentioned in the contract.

8. Other Terms and Conditions

1. Arrangement of labor and ensuring their safety during construction shall be the responsibility of the contractor. At no case, TIDE shall be held liable/ responsible for any loss or damage during the construction period.
2. Material safety at the site is the responsibility of the contractor.
3. Transportation of material from one site to another if any is the responsibility of the contractor. The contractor to arrange the necessary logistics for the same.

9. Submission of Proposal and Deliverables

The proposal must be submitted over email to the email id: info@tide-india.org and manager@fishabitat.org with the following documents attached,

- Supporting documents for eligibility and evaluation criteria
- Self-certification of not being blacklisted by central/state government agencies.
- Bid to be submitted along with BOQ for this construction work. Bid format is attached as Annexure as I, II, III, IV & V.

10. Evaluation & Shortlisting

Shortlisted shall be informed for a site briefing and submission of financial quotations. Final selection will be based on relevant experience, capacity, local presence, and quality compliance.
